SBC CEDAR

ENVIRO BLEACH

BRINGING TRADITIONAL TO A WHOLE NEW LEVEL

Coastal, naturally aged cedar shingle buildings stand the test of time and defy the most modern trends. They are synonymous with pride, comfort, and tradition.

The SBC Enviro Bleach cedar shingles will help to **keep that tradition alive with better results**.

- **More readily available and part of the SBC In-Stock color program**

- **30-year warranty against wood decay**

- **Age faster and more evenly**

- **Kiln-dried for better wood stability**

- **Contain a wide-spectrum fungicide/mildewcide solution that can help protect against fungi, mildew and blue stains**

APPEARANCE AFTER 1 YEAR*

APPEARANCE AT APPLICATION

*The result may vary depending on the climate and exposure to the elements.

FACT

With SBC Enviro Bleach shingles, you get instant curb appeal and protection. The unique formulation will bring the much-wanted natural silvery-gray shade to the surface in just a few months.

VALUABLE TIME-SAVER
Enjoy a complete easy installation system, including the embossed nail line

PROACTIVE FOR A GREEN FUTURE

Marketed in 2010, SBC Cedar is the first cedar shingle manufacturer to offer a revolutionary & eco-friendly weathering agent: **Enviro Bleach**. Its unique hybrid technology delivers the look of oil-based products with the performance and environmental benefits of water-based coating. As it meets the strictest VOC rules (under 50g/L), Enviro Bleach is the right choice for a greener future.

GENUINE | TIMELESS | DISTINCTIVE
